

CRAZY TRAIN GIANT SLALOM:

If you wish to have your slalom run timed, please let them know at registration. You are welcome to race both the traditional downriver style and the slalom. No additional cost.

More 'giant slalom' than a traditional whitewater slalom, this event will see 10 eddies (roughly illustrated above) that each paddler must enter, while working their way downstream. Paddlers are expected to eddy in and eddy out., not simply pass through the eddy.

This is a great way to get to know the river, and consider some unconventional lines that may otherwise have missed.

The eddies will be marked by bouys. No guarantees on the location. The illustration above is a rough estimate. there will be 10 eddies marked.

===

RULES:

- Paddlers must eddy in and eddy out in each eddy
- Paddlers must catch all the eddies. if you miss one, you are out out of luck
- There is no boat class (Long, Short and Canoe are all together on this one)
- As you will likely be slower than the person who follows you, please defer right to way to "direct line" traffic
- Feel free to practice the course, even if you don't wish to race it.
